26683 **27661**	**Remove inline styles and limit HTML in Job Announcements**
	
	 To make the JOA display cleaner and prevent HTML from breaking the JOA interface the following changes will be made:
	 • All inline styles will be stripped from JOA text prior to display
	 • All HTML tags will be removed or suppressed other than:
	     – **u** = stylistically different from normal text
	     – **I** = text in an alternate voice or mood
	     – **b** = defines bold text
	     – **h3** = HTML heading
	     – **h4** = HTML heading
	     – **a** = hyperlink
	     – **p** = paragraph
	     – **ul** = unordered list
	     – **ol** = ordered list
	     – **li** = list item
	 • Empty paragraph (p) tags or more than 2 breaks (br) will also be removed or suppressed.

27751	**JOA Salary Description Text is not showing** Correct issue where the salary description text is not displaying on the JOA.
